

Project Development Phase Model Performance Test

Date	03 October 2026
Team ID	SWTID-2026-6763
Project Name	Implement Client Script & UI Policy (Incident)
Maximum Marks	10 Marks

Model Performance Testing:

S.No.	Parameter	Values	Screenshot
1.	Model Summary <i>Project equivalent: solution summary</i>	UI Policy and Client Script based control of the Incident form. UI Policies make Close code and Close notes mandatory on resolution, make fields read-only on closed incidents and control field visibility. Client Scripts (onLoad, onChange, onSubmit) display messages and validate entries before the incident is saved.	
2.	Accuracy <i>Project equivalent: test pass rate</i>	Test Accuracy - 100% of executed test cases passed. Total Test Cases - 8; Passed - 8; Failed - 0.	
3.	Fine Tuning Result (if Done) <i>Project equivalent: tuning of conditions and scripts</i>	Tuning completed. Tuning notes: UI Policies set to reverse when the condition is false; onChange script limited to user changes (not form load). Conditions and scripts adjusted after testing: Resolved condition for mandatory fields; trimmed spaces in onSubmit check.
